6 PROPOSAL EVALUATION

6.1 Evaluation Protocol

The evaluation format is a two-step process. In the first step, GPA evaluates each OFFEROR'S qualifications and non-priced proposal for quality, reasonableness, completeness and applicability towards GPA's business needs and goals. During the evaluation process, GPA shall score each OFFEROR'S submittal and rank each from most acceptable to least acceptable. GPA may choose to select one, any or none of the OFFERORS for the second step in the procurement process: contract negotiations.

GPA reserves the right to select one or more or none of these OFFERORS to negotiate. If a OFFEROR is the most qualified for the scope of work of this RFP, GPA reserves the right to award the contract to this OFFEROR.

GPA will begin negotiations with the OFFEROR having the most acceptable proposal for the work scope under consideration. If it fails to successfully conclude negotiations with this OFFEROR, it may terminate negotiations with this OFFEROR and begin negotiations with the OFFEROR having the next most acceptable proposal. GPA may continue in this fashion until it awards a contract or runs out of OFFERORS to negotiate with.

6.2 Evaluation Criteria and Proposal Scoring

GPA will convene a committee of no less than three people. These people will elect a committee chairperson. Table 1 below lists the Qualification Scoring that will be used by GPA's Evaluation Committee in reviewing and scoring the proposals.

The maximum score for each item shall be "10" points, for more than adequate, highly satisfactory, very relevant materials and responses from highly qualified OFFERORS, presented in a well-organized and properly formatted proposal.

The minimum score for each item shall be "0", if no materials or responses were provided, or if the responses or materials were irrelevant or poorly organized.

Scoring and evaluation shall occur in three steps:

Step 1: Individual Committee Member Evaluation and Scoring of Proposal

Each committee member will score each OFFEROR'S proposal using the *Step One Evaluation Forms*.

Proposals that score greater than or equal to 70% of the maximum score for Parts B and C are deemed acceptable.

Proposals scoring below 70% are deemed unacceptable.

If an evaluator determines that a proposal is not acceptable, then that proposal cannot be evaluated in step 2.

If an evaluator determines that a proposal is potentially acceptable, then that proposal cannot be evaluated in step 2 unless that evaluator finds less than three acceptable proposals.

No unacceptable proposals will be scored beyond Step One.

Step 2: Committee-Wide Evaluation and Scoring of Proposal

After all the proposals have been scored under Step One, the Committee Chair will request the Committee whether they would like to evaluate Step 2 under Total Scope or Individual Scope Scoring. If the Committee deems that one or more OFFERORS are especially strong in a given scope area, the Committee may revert to scoring based on the individual scope evaluation form. The Committee may evaluate one or more scope areas for individual scoring.

After all the proposals have been scored, each committee member will rank each proposal from highest scoring to lowest scoring using the *Step Two Evaluation Form*. Five points will be awarded to the highest ranking. Three points will be awarded to the second highest ranking. One point will be awarded the third highest ranking. The committee will then total up all the points for each proposal from each evaluator and scope and rank each proposal in step two using the *Step Two Committee-Wide Evaluation Form*. In the event of ties, the Chairman breaks the tie.

Step 3: Negotiation and Award

The committee will negotiate with the top scoring OFFEROR(s) from Step 2.

If negotiations fail with the top scoring proposal, the committee will negotiate price with the next highest scoring OFFEROR from Step 2. If there are no next proposals from Step 2, the committee may repeat Steps 2 and 3 or terminate the procurement.
